Stronger
biological energy wave

OlyLife Vitality Wand
4 Key Features

1. Terahertz waves

- A unit of frequency 1THz=1000GH
- Wavelength ranging from 3 to 3000 micrometers
- “The light of life”- The frequency is the same as that of normal human cells

2. PEMF ultra-long waves

- A type of low-frequency alternating magnetic field
- Penetrates deeply into the body

3. Thermal energy transfer

- Effects on the human body:
  - ✓ Relieve pain
  - ✓ Relax muscle
  - ✓ Alleviate inflammation
  - ✓ Increase tissue flexibility

4. Air massage

- Uniform & consistent pressure
- Persistence
- Flexible
- Hygiene assurance

What are the differences between OlyLife Vitality Wand and OlyLife THz Cell Essentialz?

VS

- Additional PEMF Ultra-Long Wave
- Higher Airflow Speed
- Stronger Incoming Wind
- Safer to Use, Preventing Burns from Accidental Contact

- Setting 0 – Cold air
- Setting 1 - 60°C
- Setting 2 - 70°C
- Setting 3 - 80°C

Operates independently, no external assistance needed!
